

Calling all parents of aspiring actors and singers:

Your packet includes one scene for everyone to be able to look over, for the acting roles, and one song for anyone wanting a solo. **THEY DO NOT HAVE TO MEMORIZE IT.** We just want to make sure they have a chance to read through and feel comfortable.

We are trying to emphasize to the kids that the reason we do kids choir is to bring glory to God. This helps all of us keep our focus and you can help us reinforce this truth. With that in mind, we have a common goal and therefore remove jealousy and some disappointment if they don't get the part they wanted. Remind them every part is important and everyone plays an important role.

A few important things to keep in mind before making the commitment to be apart of the cast:

1. There will be a few additional practices for the cast, and you will be expected to be there unless there is a sickness or family emergency.
2. You will be expected to have your lines memorized by specific dates.
3. You will be expected to maintain a positive attitude and be an encouragement to those around you.

Thank You,
Natalie Askew & Keri Wyatt

I would like to tryout for:

- Solo
- Speaking role
- Non- speaking role
- Flag team
- Any part

A few tips for auditioning:

- Be prepared.
- When singing, don't fidget/grab shirt, twist back and forth.
- Raise your eyebrows and sing with energy...it will help you stay on pitch.
- Think about the words of the song and express those words on your face.
- When speaking, make sure your hands and feet are following the acting coming out of your mouth. Put your whole self into the part.
- Do not look down the whole time.
- Smile & relax as best you can.
- If you mess up, know that you can try again.
- Be creative. Give your part a new personality. You never know, we might like your way better.
- Know where you are going before you get there.
- Have fun and enjoy the experience.
- Be on time. Running late will make you more nervous.
